### Trust & Reliability

Powers has over 70 years of experience offering full service contract and private label manufacturing. We are dedicated to exceptional quality and value, offering solutions to our clients around the world. We maintain our integrity in the products we produce, providing trusting, long term relationships with our partners. All products produced are integrated into our SQF 8 (Safe Quality Food) certified food safety plan assuring our customers that every product produced meets or exceeds all specifications.

Our skilled and experienced staff is highly qualified to provide the individualized services our clients need, helping to create and produce products and programs to the highest standards.

### Top Quality

Powers only offers the highest quality in everything we do. Our quality and testing procedures are continuously reviewed to ensure our standards meet the most up-to-date requirements related to food safety and quality manufacturing. You will feel confident that only the highest standards will be applied to your custom manufacturing needs.

Each private label or custom job is per your specifications and we can discuss and provide you with a custom quote.
